Chairperson's Forward

The past 3 years of managing Covid had been a trying time for parents and children alike. Fortunately, the worst is behind us and we can now move ahead with our plans for our families.

To support the school vision of lifelong learners, leaders of character, we hope parents can continue to be their constant pillar of support. We hope that fellow parents would support the programmes and activities we will be gradually introducing in the years ahead, that we hope would strengthen the bond between student, school and family.

Despite all our busy schedules, I look forward earnestly to your continued fellowship and support towards the Peiying Family in the years ahead.

HELLO ALL!

Finally our FIRST ever PSG newsletter is ready!!!

The sheer hardwork that our PSG Executive Committee (Exco) puts in to create this newletter is truly amazing. Thank you so much!

The PYPS Parent Support Group (PSG) has been an important partnership between the parents and the school. PYPS PSG is grateful to our school leaders and teachers who are very supportive and open to parent involvement. With this, I believe the spirit of volunteerism will surface readily.

Most importantly, when our children see their parents actively involved with school activities, they feels a sense of belonging to the school.

To set up a PSG and to keep it going, one needs to have tremendous affection for the children, as well as commitment and patience to handle different expectations.

I look forward to work with everyone of you to make this an enriching experience with our children.

Thank you so much our dear parents!

Track & Field

7 March
2023

The electric buzz in the air before the Track & Field Meet is reminiscence of the good old days we all had!

Smiling up for Telematch

It was a warm day, but nothing could literally dampen our moods or the excitement of Peiying Primary School's Track & Field Meet, the first post-COVID event where we were able to see everyone in high spirits and morale.

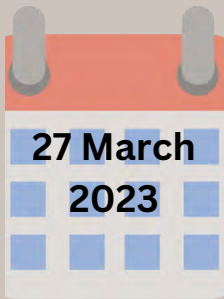

Having beaten COVID as One Singapore, we are all the winners at this Track & Field!

Who says teachers and parents are boring?

**The Doctor's Touch
to good English**

Everyone having a fun day!

We understand that communication is a key part of life, which is why PSG gave our best to assist for the English Language Fiesta!

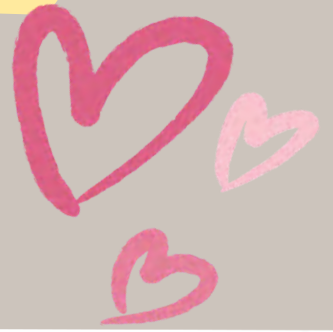

Both parents and teachers show that they have a lighter side too!

Noticeboard Set Up & Hari Raya Decoration

Without the combined efforts of both parents and teachers, the school will be a much duller place!

Decorating may be tough, nothing comes easy, but the refreshing view of another Ramadan truly reminds everyone on the values of this festive season:

Reflection, Patience, Self-Discipline
Kindness, Respect for All.

Teachers' Day Celebration

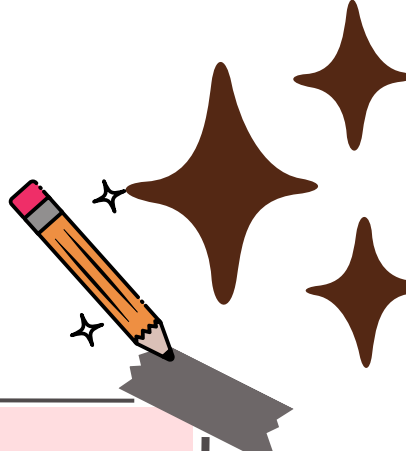

And so, another year had passed and we are going into Term IV.

A befitting performance by parents and students for their gratitude towards teachers for this performance party.
